FROM RESEARCH TO INDUSTRY

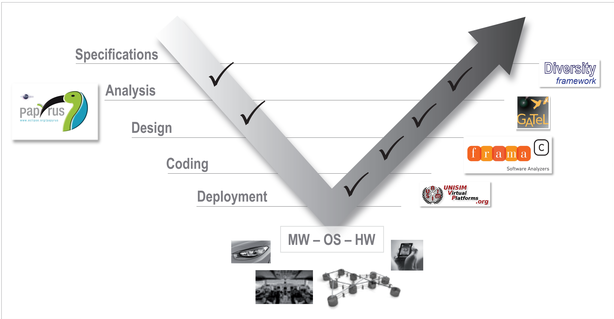
cea tech

list

SOFTWARE TOOLS FOR INNOVATIVE CITIES

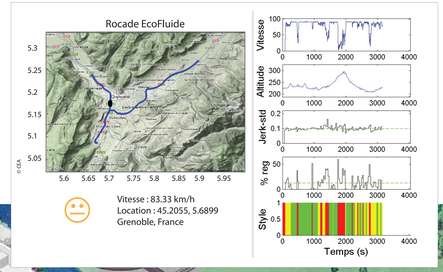
DESIGN & VALIDATION OF SYSTEMS

Open platform for designing & checking critical systems



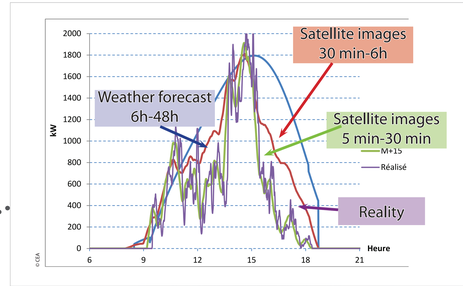
DATA MINING

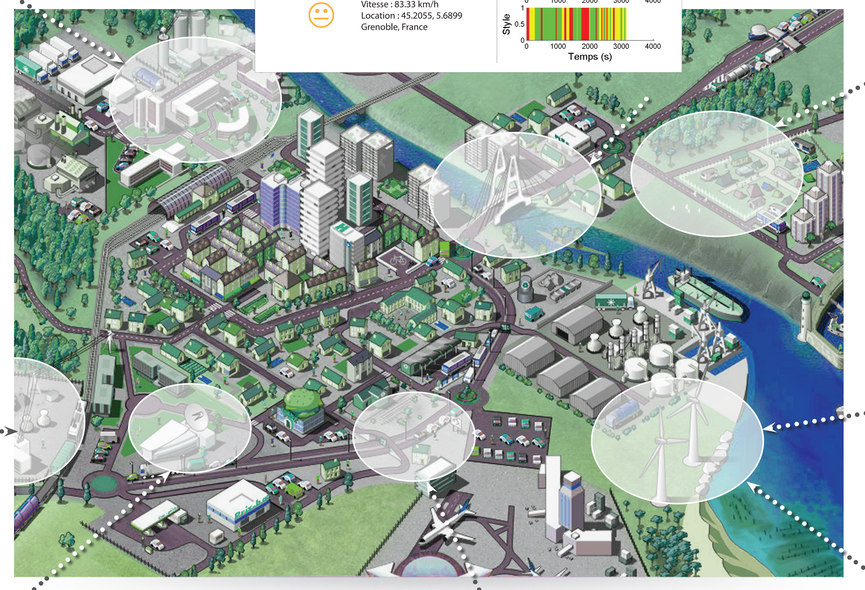
Statistical analysis of the behavior of electric vehicle drivers



PREDICTION & DIAGNOSTIC

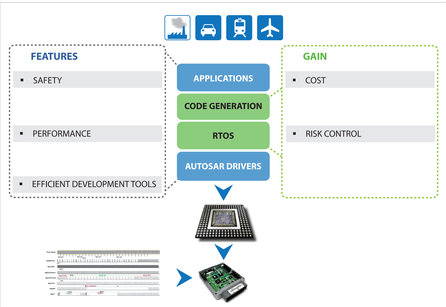
Local short-term forecasts





RELIABILITY & SECURITY OF SYSTEMS

PharOS real-time technology

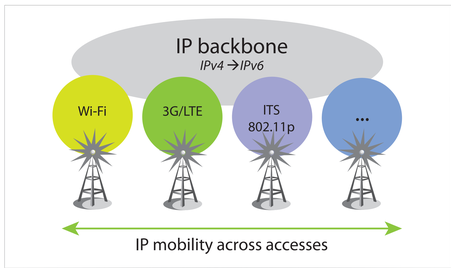


OPTIMISATION OF CONTROL & USES

Control & charging of electric vehicle parks

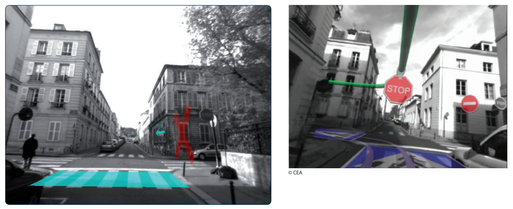
EFFICIENT COMMUNICATION

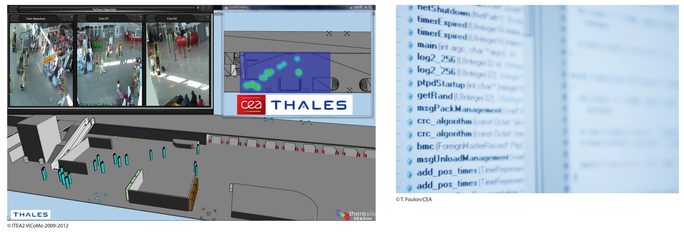
End-to-end IP radio communication networks



LOCALISATION INSIDE THE CITY

Augmented reality technology



(CYBER)SECURITY


Video surveillance & cybersecurity
